ACTIVE SERVICE CAREER CLOSED

Admiral Merry Relieved of Command of Hawaii Naval Station.

Amid the booming of a salute of thirteen guns of the station battery at the Naval Station yesterday a square blue flag containing two white stars was hauled down from the flag pole of the station and the days of active service for Rear Admiral Merry came to a close. It is close upon forty years since Admiral Merry first entered Uncle Sam's service and his record is an honorable one throughout, so that it is no wonder that there were some traces of sadness in his face as the flag came tumbling down.

Captain William H. Whiting, U. S. N., the new commandant of the station, took the flag and there was enacted an old but very pretty naval custom. Captain Whiting presented the flag to the retiring Admiral. A moment later and the blue triangular pennant, the flag of the senior naval officer on the station, Captain Whiting, was hoisted to the top of the pole.

The change of commandants took place quietly yesterday. On arrival at the Naval Station in the morning Captain Whiting was shown all over the property. Then amid the assemblage of all the officers on the station the Admiral read his orders which were to the effect that he was to be relieved by Captain Whiting and the Captain read his orders. A salute to the Admiral's flag was then fired and as the emblem was hauled down and Captain Whiting's flag was run up the change of commandants had been effected.

Hearty good will was shown to the retiring Admiral by everyone on the station and the kindly expressions of the officers are even exceeded by those of the men on the station.

Seike, first officer; George Haldern, second officer; A. V. Inman, chief engineer; James P. Lynch, first assistant; H. F. Moelae, second assistant; L. Self, R. V. Jellings, J. Fort George Delayed Again.

The ship Fort George is having a run of hard luck. First she had a very slow voyage out to Australia with lumber and later was 103 days on her passage to this port. She had trouble with her Jap seamen in Australia and on her arrival here had more grief with them as they demand to be paid off as they are now at an American port. But the authorities here sustain the Captain in his decision that they must stay aboard. The ship has been at the anchorage outside since Tuesday but expects to sail early this morning for San Francisco.

REFUNDS ON TUTUILA GOODS

Important Treasury Decision Relating to South Sea Merchandise.

Honolulu merchants who protested against paying duties on shipments from Tutuila after the convention of February 16, 1900, when ratifications were exchanged between the United States, Great Britain and Germany, can now secure refunds, according to a Treasury decision of July 8, in which the decision of Collector Stackable of Honolulu is reversed.

The decision is as follows, addressed to Collector Stackable:

Treasury Department, July 8, 1902. Sir: The Department is in receipt of a letter dated Honolulu, the 21st ultimo, from Mr. John Effinger, stating that you decline to forward certified statements for the refund of moneys paid as duties on goods received from Tutuila prior to December, 1901, on the ground that "the decision of the Attorney General of the United States late in 1901 was not retroactive."

The Attorney General's opinion, dated February 17, 1902, and published in Treasury decision 23540 of February 25, 1902, that merchandise shipped from Tutuila is not subject to tariff laws imposing duties on goods from foreign countries, is based on the convention concluded between the United States, Great Britain and Germany, and therefore covers all shipments from said islands on and after February 16, 1900, when ratifications were exchanged. You will be governed accordingly.

Refunds can now be made only in cases where protests were filed.

Respectfully,
O. L. SPAULDING,
Acting Secretary.

Have You Found the Cause?

Perhaps you have renovated the whole interior part of your house decorations, with one exception, and yet it doesn't look right. Isn't the trouble due to the fact that the

is faded and streaked? Wouldn't a new covering of a 1902 design improve matters? Come and see what we have. We are always pleased to show the pretty patterns.
